Valves

Services

UV Water System is dedicated to provide customers best timely and effective solutions for water treatment. We offer the full spectrum of services on water treatment field to help organizations work efficiently.

Free Water Test

Some of the most harmful drinking water contaminants are invisible!!! The dangers of unfit water can exist in any water supply. Lake water, rain water, well water or even municipal water is not guaranteed to be safe. Contaminated water can lead to many types of diarrheal diseases, including Cholera, and other serious illnesses such as Typhoid, Dysentery etc.

We offer free in home/ on site water testing.

Filter Service & AMC

Just like most appliances in your home and office, your filtered water system will have to be maintained regularly. UV Water Systems can service or maintenance any filtering system. We are equipped to work with all kinds/brands of filter systems, even if you didn't purchase the filter from us.

We provide you AMC for Domestic RO, Commercial RO & Industrial RO.

Sewage/Gray Water Treatment & Auto Irrigation

Solution for your waste water & irrigation. We are capable of setting up economical Sewage/Gray Water Treatment Plant (STP) and fully automated irrigation system. Physical, chemical, and biological processes are used to remove contaminants and produce treated wastewater (or treated effluent) that is safe for discharge. A by-product of sewage treatment is a semi-solid waste or slurry, called sewage sludge. The sludge will undergo further treatment before being suitable for disposal or application to land.

Pump & Motor Service

We provide repairs, preventive maintenance, and diagnostic service for all makes of water-application pumps, motors, and controllers. With years of experience with pump installation and service, we can attend all your needs related to this. Our local pump repair facilities can restore your pumps and other industrial equipment to work efficiently.

PLC, VFD Program & Control Panel Service

We program PLC (Programmable Logic Controller) and VFD (Variable Frequency Driver). Experience of handling many brands of controller including Allen Bradley PLCs, Beckhoff PLCs, GE Fanuc PLCs, IDEC PLCs, KOYO PLCs, Mitsubishi PLCs, Modicon PLCs, Omron PLCs, Siemens PLCs, Toshiba PLCs and more makes us your reliable service provider.

Heater & Tank Service

We provide service of residential and commercial water heater & Water storage Tanks.

- Water Heater Repair
- Water Heater Installation & Replacement
- Water Leak Repair
- Storage Tank Cleaning & Disinfection
